Compact welding, turn-key and easy to use

Robotcenter Norr AB

Robot Center Norr AB (RCN) is a company engaged in industrial automation. We are a company with long industry experience, today we are 22 employees in all necessary areas. Always the customer in focus and short decision-making is our motto. Our main business is to make complete turn-key equipment for the flexible unmanned production.

Our goal is to offer best automation solutions to meet customer needs and requirements of an efficient and rational production and also to ensure the highest possible technical availability and minimal operator dependent.
